May 10, 2026

Dear Hiring Manager,

I am writing to apply for the **Web Developer Internship** position at **[Company Name]**. I am eager to contribute to your team while further developing my skills through hands-on experience in a professional environment.

I am currently a second-year IT student at Passerelles Numériques Cambodia (PNC) with a strong foundation in web development. I have experience working with HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MySQL, along with UI/UX design using Figma.

Through my projects, I have built several responsive and interactive web applications. These include a student performance system (PNC_Student_Star), where I contributed to both frontend and backend development, a movie website integrated with the TMDB API, and a quiz system with real-time score tracking. I also developed a personal portfolio website to showcase my work. Additionally, I have experience designing UI prototypes, including a pet-selling mobile application where I led the design process and ensured a consistent user experience.

These experiences have strengthened my ability to write clean and efficient code, collaborate effectively in teams, and quickly adapt to new technologies.

I am particularly interested in **[Company Name]** because of your commitment to delivering impactful digital solutions. I would welcome the opportunity to contribute to your projects while learning from your experienced team.

Thank you for your time and consideration. I look forward to the opportunity to discuss my application.

Best regards,

Reaksmev San
